

Our Filter Removal Service

Here at CFP we are committed to **reducing our impact on the environment**. Our **filter removal service** is an integral part of this, helping to increase our sustainability through reduced waste to landfill, and maximised recycling.

01

As licensed waste carriers, CFP is committed to reducing our environmental impact, working in a sustainable way.

Waste carrier registration no. CB04230728

By using local recycling plants, we're **reducing our Carbon Footprint**

02

As part of our removal service, all waste is taken to a local recycling plant.

03

Our environmental commitment, ensures that all reusable materials are recycled. Any waste which can't be recycled is responsibly incinerated and turned into sustainable energy sources.

By turning waste into energy, we **reduce our impact on landfill**
